Liechtenstein Congress on Sustainable Development and Responsible Investing 2010

15-18 September 2010
Hochschule Liechtenstein, Vaduz

Awakened by financial, ecological and political threats the global economy is transforming fast, from short-term thinking and a systemic reliance on non-renewable resources, to an innovative, just, sustainable and prosperous future. The Liechtenstein Congress provides an international platform for practical research and informed practice in Sustainable Development and Responsible Investing, guided by effective policy and enlightened by a deep sense of responsibility.
